

mgi:
DRIVING DATA EXCHANGE AND TRADE

YOU WANT TO:

- Set up early triggering of customs declarations
- Receive Ci5 data directly in a private system (TMS/ERP...)

**MGI HAS THE SOLUTION
WITH INTERFACES ADAPTED
TO YOUR NEEDS**

MGI's tools are easily interfaced with professional systems and private customs declaration solutions.

Among the most popular interfaces:
Tracing (TRC), Confirmation of Customs
Registration Notice (CAED), Files (DOS)...

YOUR GAINS:

INCREASED PRODUCTIVITY

Increased productivity
of operational teams

DATA PROTECTION

Securing data by
avoiding re-entries
